

UGIC Conference Schedule - 2016

UGIC 2016 - Conference Schedule - Bryce Canyon - May 9-13, 2016

UGIC 2016 - Conference Schedule - Bryce Canyon - May 9-13, 2016							
Monday - May 9	Manzanita	Pinion	Bristlecone	Sage	Ponderosa (Bryce Canyon Grand)	Red Canyon Room A&B	
7:30 AM - 8:30 AM	Breakfast -Red Canyon Lodge						
8:30 AM - 5:30 PM	Pre-Conference	Pre-Conference	Pre-Conference	Pre-Conference			
Tuesday- May 10	Manzanita	Pinion	Bristlecone	Sage	Ponderosa (Bryce Canyon Grand)	Red Canyon Room A&B	
7:30 AM - 8:30 AM	Breakfast -Red Canyon Lodge						
8:30 AM - 5:30 PM	Pre-Conference	Pre-Conference	Pre-Conference	Pre-Conference			
Wednesday - May 11	Manzanita	Pinion	Bristlecone	Sage	Ponderosa (Bryce Canyon Grand)	Red Canyon Room A&B	
7:30 AM - 8:30 AM	Breakfast -Red Canyon Lodge						
8:30 AM - 10:00 AM (90 min Workshop)	ArcGIS Pro (Robert LeClair, Esri)	ArcGIS Online Administration - Getting Started (Derrick Sharp, Horrocks Engineers)	Creating your First Custom Web GIS Application (Part 1 of 2) (Bruce Cheney, Ryan Cosby, Gateway Mapping, Inc)	Iron Cartographer (Nick VS ?)	3rd Annual Emergency Management Workshop	Vendors Showcase Closed (setup)	Esri Hands On Learning Lab Closed (setup)
10:00 AM - 10:30 AM	Break In Vendors Showcase - Red Canyon Room A&B						
10:30 AM - 12:30 PM	Plenary - Ebenezer's Barn and Grill						
12:30 AM - 1:30 PM	Lunch - Ebenezer's Barn and Grill						

UGIC Conference Schedule - 2016

1:30 PM - 2:10 PM	ArcGIS Pro, Python, and Linear Ref. A project example (Neal Fraser, Christina McCulloch, Gateway Mapping)	Data driven web mapping portals for water applications in KY (Tobias Finke, AECOM)	ArcGIS for Public Works (Dan Henderson, Esri)	GIS at The Division of Wildlife Resources (Eric Edgley, UDWR)	Using Python to Automate Map Production from HAZUS (Josh Groeneveld, Utah Division of Emergency Management)	Vendors Showcase	Esri Hands On Learning Lab
				UASs for Natural Resources: Results and the road ahead (Christopher McGinty, USU)			
2:20 PM - 3:00 PM	AGRC Imagery Resources and the Road Ahead (Rick Kelson and Bert Granberg, AGRC)	Utah Water Data Users Group (Aaron Austin, UDWR)	Use of Web AppBuilder in the new UDOT Projects App (Sarah Rigard, UDOT)	How to Play Nicely with Others - Building GIS Components (Scott Davis, AGRC)	Spatial Access to Emergency Medical Services in Utah (Seth Bishop, EMT-B, U of U MS candidate)		
		Data driven web mapping portals for water applications in KY (Tobias Finke, AECOM)	Data Supply Chains for Transportation (James Meyer, ADOT)	Maintaining Your Health Despite Your GIS Career (Mike Smith, Centerville City)	Are You On the Grid? The United States National Grid - USNG (Mike Smith, Centerville)		
3:00 PM - 3:30 PM	Break In Vendors Showcase - Red Canyon Room A&B						
3:30 PM - 4:10 PM	Desktop Mapping: ArcMap Tips and Tricks (Robert LeClair, Esri)	Water-Related Land Use Methodology Changes Over Tim (Aaron Austin, UDWR)	Automated Data Management with Python Scripting (Michael Philp-Springville City & Derrick Sharp)	Micro Talk Series (10 min each)	ArcGIS for Flood (Dan Henderson, Esri)	Vendors Showcase	Esri Hands On Learning Lab
				Water-Related Land Use Program Update Proposal (Aaron Austin, DWR)			
		Why the Greenwich Meridian is No Longer at Zero Longitude (William Sotne, NOAA)					
		Using Remotely Piloted Aircraft to Detect Sage-Grouse (Tommy Thompson, USU)					
		Top 3 Things GIS can do to maximize Organizational Value (Wade Kloos, UDNR)					
Updating Probable Maximum Precipitation (PMP) for the State of Wyoming (Geoffrey Muhlestein, Applied Weather Associates)							
4:20 PM - 5:00 PM	Web Services Untangled (Jessie Pechmann, AGRC)	Water Quality Assessment and Environmental Interactive Map (Mark Stanger, UDWQ)	"The Sexy Side of Asset Management" (Dave Henrie, Darin Sleight & Jerry Chapman, Utah County)	Introducing Survey123 for ArcGIS (Chris LeSuer, Esri)	GIS Managers Panel		

UGIC Conference Schedule - 2016

	Using & leveraging web usage statistics for better web apps (Michael Turner, AppGeo)						
5:30 PM - 8:00 PM	Vendors Social Event - Red Canyon Room A&B						
8:00 PM - 9:00 PM	6th Annual UGIC INDOOR GOLF						
Thursday - 12	Manzanita	Pinion	Bristlecone	Sage	Ponderosa (Bryce Canyon Grand)	Red Canyon Room A&B	
7:30 AM - 8:30 AM	Breakfast -Red Canyon Lodge						
8:30 AM - 10:00 AM (90 min Workshop)	open	Field data collection Using Collector for ArcGIS (Chris LeSuer, Esri)	Creating Your First Custom Web GIS Application (Part 2 of 2) (Bruce Cheney, Ryan Cosby, Gateway Mapping, Inc)	The Ongoing Evolution of NAD83 & NAVD88 (William Stone, NOAA/NGS)	ArcGIS Online – The Road Travelled and the Road Ahead (Bernie Szukalski, Esri)	Vendors Showcase	Esri Hands On Learning Lab
10:00 AM - 10:30 AM	Break In Vendors Showcase - Red Canyon Room A&B						
10:30 AM - 11:10 AM	Spatial and Temporal Patterns of Water Use in Salt Lake City (Robert Sowby, Hansen, Allen & Luce/U of U PhD candidate)	Using Spike by ikeGPS to enhance your mobile GIS (Nick Kryger, SLC Public Utilities & Matt Sheehan, Web Map Solutions)	Asset Management: Designing and Building Custom Workflows (Justin Gough, Novotx & Michael Philp, City of Springville)	Big Happenings with Public Land Survey System GIS (Sean Fernandez and Mike Heagin, AGRC)		Vendors Showcase	Esri Hands On Learning Lab
11:20 AM - 12:00 PM	Geology Web Maps for Bryce Canyon National Park (Becky Lorig, Pen State Masters Student and SUU)	Build cross-platform apps with AppStudio for ArcGIS (Chris LeSueur, Esri)	Insight - A complete picture of your GIS infrastructure (Scott Stafford-Veale, Latitude Geographics)	The National Forest Vertical Integration Project (Thor Williams, SUU)	90 min- Telling great stories using Story Map apps (Bern Szukalski, Esri)		
	Archaeology and ArcGIS in Bryce Canyon National Park (Samantha Kirkley, SUU)		Large Format Printing in a Digital World (Mikel Monsen, Monsen Engineering)	Tracking the Utah Summer Games (Thor Williams, SUU)			
12:00 AM - 1:00 PM	SACK Lunch - TAKE WITH YOU TO PARK						

UGIC Conference Schedule - 2016

1:00 PM - 5:00 PM	Free time in Bryce Canyon National Park						
5:30 PM - 8:00 PM	Wagon Ride and Chuckwagon Dinner						
Friday - May 13	Manzanita	Pinion	Bristlecone	Sage	Ponderosa (Bryce Canyon Grand)	Red Canyon Room A&B	
7:30 AM - 8:30 AM	Breakfast						
8:30 AM - 10:00 AM (90 min Workshop)	open	Welcome to the Wonderful World of GitHub (Scott Davis, AGRC) -PLEASE BRING YOUR LAPTOP!	Making Maps in Adobe Illustrator and Photoshop (Adam Wilbert, 828 Design Studio)	Spatial SQL -Using SQL with Spatially Enabled Databases (Ben Clement, Carbon County)		Vendors Showcase	Esri Hands On Learning Lab
10:00 AM - 10:30 AM	Break In Vendors Showcase - Red Canyon Room A&B						
10:30 AM - 11:10 AM	GIS Modeling of Gas Compressor Noise in the Marcellus Region (Becky Lorig, Penn State Masters student and SUU GIS Lab)	Digital Basin: Mapping the State of Well-Being in Rural BC (Suzanne Ector, Selkirk Geospatial Research Centre)	Creating GeoPDF Maps to connect people to Public Lands (Michael Knight, Stephanie Cooper, Jonny Jew, BLM)	Engineering 101 (Kim Coburn, Epic Engineering)			
			Right Brain Basemapping - Geo-Therapy for the Soul (Michael Philp, Springville City)				
11:20 AM - 12:00 AM	Reducing workload and improving efficiency with AGOL (Brian Gallegos, Saratoga Springs City)	Mapping HikaNation and the American Discovery Trail in Utah (Richard Warnick, BLM)	Making Meaningful Maps through Better Cartography (Andrea Roskelley, Ogden City)	Fair division? School district splits in Utah and nationally()			
	Damage Assessment Made Easy With Python's Mapping Module! (Kevin Bell, Salt Lake City)			Finding and Obtaining Historic Imagery from the USDA (Nathan Pugh and Louise Mathews, USDA Aerial Photography)			
12:00PM - 1:00 PM	Closing Lunch, award presentations and prizes
